Setting Events
Conditions that increase the likelihood of problem behavior

Antecedent
Behavior
Consequence

Increase
Decrease

Escape or Obtain

**Intervention: Setting Events**
Could I change or remove a setting event to prevent this problem behavior?

**Intervention: Antecedent**
Could I change or remove an antecedent event to prevent this problem behavior?
**Intervention: Replacement Behavior**
How can this individual get what they want by engaging in appropriate behavior rather than negative behavior?

**Intervention: Communication**
Is there a way that a communication strategy might be effective in addressing this behavior?

**Intervention: Environment**
Can I change the environment, routine or schedule to make the behavior less likely?

**Intervention: My Behavior**
Can I change my behavior to decrease the likelihood of the behavior?

**Intervention: Consequences**
Can I change the consequences to either increase or decrease the likelihood of this behavior occurring?
